

“MESSY AYA”

Aya was a little girl who loved to play, but she didn't like to clean up her mess, that is why she was called Messy Aya. Every day, Aya would leave her toys, books, and clothes all over the house. "I'll clean it up later," she would say. Aya's mom would remind her, "Aya, you need to tidy up." But Aya would always find something more fun to do.

One day, Aya couldn't find her favorite toy. She looked everywhere, but it was lost in the mess. Aya felt sad. "I wish I could find my toy," she sighed. Her mom came and said, "Aya, if you keep things tidy, you won't lose your toys." Aya thought about it. "Maybe if I keep my room clean, I'll find my toy," she decided. Aya started to tidy up. She put her toys in the toy box, books on the shelf, and clothes in the closet. As she cleaned, Aya found her favorite toy under a pile of clothes! "I found it!" she cheered. Aya was so happy. She played with her toy and kept her room neat so she wouldn't lose it again.

From then on, Aya helped her mom tidy up around the house. She learned that cleaning up could be fun too. Aya invited her friends over to play. They were amazed at how neat and organized her room was. Aya even taught her friends how to clean up after playing. They made it into a fun game! Aya's room stayed tidy, and she never lost her toys again. She felt proud and happy. Aya learned that keeping things tidy makes life easier and more fun. She was no longer Messy Aya but Tidy Aya!

Si AYA KALATERA

Si Aya ay isang batang mahilig maglaro, ngunit ayaw niyang magligpit ng kanyang kalat. Kaya siya ay tinawag na Aya Kalatera. Araw-araw, iniwan ni Aya ang kanyang mga laruan, libro, at damit kung saan-saan sa bahay. "Mamaya ko na lilinisin," ang sabi niya. Pinaaalalahanan siya ng kanyang ina, "Aya, kailangan mong magligpit." Ngunit palaging may mas gusto pang gawin si Aya.

Isang araw, hindi mahanap ni Aya ang paborito niyang laruan. Hinanap niya ito kung saan-saan, ngunit nawala ito sa kalat. Nalungkot si Aya. "Sana makita ko ang aking laruan," buntong-hininga niya. Lumapit ang kanyang ina at sinabing, "Aya, kung mag-aayos ka, hindi mawawala ang iyong mga laruan." Naisip ni Aya, "Siguro kung lilinisin ko ang aking kwarto, makikita ko ang aking laruan." Sinimulan ni Aya ang magligpit. Inilagay niya ang mga laruan sa kahon, mga libro sa estante, at mga damit sa aparador. Habang naglilinis, natagpuan ni Aya ang paborito niyang laruan sa ilalim ng tambak ng mga damit! "Nakita ko na!" tuwa niyang sigaw. Sobrang saya ni Aya. Naglaro siya gamit ang kanyang laruan at iningatan ang kalinisan ng kanyang kwarto upang hindi na ito mawala muli.

Mula noon, tinutulungan na ni Aya ang kanyang ina sa pag-aayos ng bahay. Natutunan niyang masaya rin pala ang magligpit. Inanyayahan ni Aya ang kanyang mga kaibigan na maglaro. Namangha sila sa malinis at maayos na kwarto ni Aya.

Tinuruan pa ni Aya ang kanyang mga kaibigan kung paano magligpit pagkatapos maglaro. Ginawa nila itong isang masayang laro! Nanatiling malinis at maayos ang kwarto ni Aya, at hindi na niya nawala ang kanyang mga laruan. Ipinagmamalaki niya ito at masaya siya.
